Dear Lindsey,

Paul Rickeard kindly copied me in to his recent correspondence with you, and I wanted to add my own congratulations on your school's remarkable results in last year's Key Stage 2 assessments.

Your pupils and staff obviously worked very hard to prepare for the assessments, and it is good to see such hard work well rewarded. You have set those children on a great foundation for their secondary education, and I am sure that you are continuing to do the same with this year's and future cohorts.

Well done!

Yours sincerely,
